AND ENGINEERING

 **BraMat 2026**

## CERTIFICATE OF PARTICIPATION

14<sup>th</sup> International Conference on Materials Science & Engineering  
4-6 March 2026, Brasov, ROMANIA

The research entitled *Effect of tantalum content on the microstructure, hardness and corrosion resistance of Ti–Mo–Zr alloys in simulated body fluid*, author: C. JIMÉNEZ-MARCOS, University of Las Palmas de Gran Canaria, was presented at BraMat 2026 International Conference, organized by Faculty of Materials Science and Engineering.

The extended conference program is available on the BraMat 2026 conference website: <https://www.bramat.ro/>

Paper identifying number: II.P.14

Section: Functional materials and nanotechnology

Stamp and Signature

Prof. eng. Alexandru PASCU, PhD

Conference chairman

Dean of

Materials Science and Engineering Faculty
